## *1966*

*Stirling Road  
Warren Township  
New Jersey*

1966—This was the year that was . . .

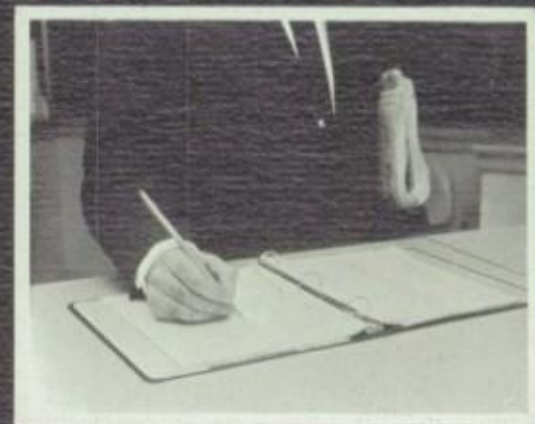

It was just like any other year—the new bewildered faces, the familiar faces of teachers and upperclassmen. But many memorable events took place in this ordinary year: we gained a new school annex and one minute more to hurry to our next class. It was the year of the 1965 Thanksgiving game, when our Warriors upset the undefeated Mustangs. Who will ever forget the surfing movie and the decorated cars that advertised this senior spectacular. Many new trophies in athletics and activities continued to fill our showcase. But the year 1966 will be remembered outside the walls of Watchung Hills. In the community it was Passaic's 100th anniversary. Watchung had a new rescue squad building and Warren Township continued to grow with many new families and industries. In our area it was the year of the Black-out; the year of confusion and the year of the draft-dodger's warfare. It was a year of technological innovations and of space achievements. It was a year of growth and of contemplation about the end of another school year. We the *Lenape* staff present to you 1966 at Watchung Hills recaptured in words and photographs.

"A teacher affects  
eternity; he can never  
tell where his influ-  
ence stops."  
(The Education of  
Henry Adams)

DR. FRANCIS H. OLDHAM, SUPERINTENDENT  
New York University, B.S.  
Temple University, M.Ed.  
New York University, Ed.D.

TO THE CLASS OF 1966—

Many years ago Thomas Jefferson said, "If a nation expects to be ignorant and free in a state of civilization, it expects what never was and what never will be." Within the Jeffersonian concept you, the Class of 1966, are free to the extent that each of you has benefited from the education which you have been privileged to receive at Watchung Hills Regional High School.

Your education has been a general one, designed for the greatest durability, continuous usefulness, and minimum obsolescence. It has featured transferable skills and abilities to perceive and solve problems, to understand people, to communicate and deal with others, and to organize the resources you command.

Over the past four years it has been your privilege to share in this educational experience. To the degree that you have exercised this privilege, this education should help you to enjoy more things, and to live more richly—more creatively—and in greater harmony with yourself, your environment, and your fellow man. It should make you better parents, better neighbors, and better citizens—informed and resourceful for future leadership.

Francis H. Oldham  
Superintendent

On February 1, Mr. Anthony Capriglione became our vice-principal, succeeding Mr. Campbell, who assumed his duties as administrator in another school. The Class of 1966 extends their best wishes to both.

The class of 1969 was a welcome addition to W.H.R.H.S. Each year the faculty and upperclassmen look forward to seeing new faces, hearing new voices, and learning new ideas from the freshman class. This year the class of 1969 started their activities with a Christmas bake sale, appropriately called "Christmas Crummies." After that successful endeavor they staged a New Year's dance entitled "The Resolution". Before they knew it June had rolled around and no longer did they have to worry about being dubbed the title of "Frosh."

### SOPHOMORE CLASS HISTORY

The class of 1968 started their sophomore year with a bake sale which turned out to be one of the biggest and most successful of the year. Along with other bake sales and a most successful dance, the sophomores are proving that they are a class of organization and spirit. The class of 1968 has made many generous contributions. Among them are The Assembly Program Fund, American Field Service, Miss Watchung Hills Contest, and The March of Dimes. The class of 1968 has had a distinguished two years here at W.H.R.H.S. They are looking forward to their junior and senior years, hoping they will be as happy and productive as the past two years.

The year started off early for the class with their bake sale on October 1st. Everyone had a great time at their dance, "The Scorpio." By the way, who was that fortune-teller Madame Rue? Obviously she must have foretold a great year for the juniors because the rest of the year was full of projects. First they gave money to the American Field Service as a service project. Then they held another bake sale in late January. To wind up the year's activities the annual dress-up day followed by a casual dance were a huge success. As the year drew to a close the class of 1967 were looking forward to a prosperous and exciting senior year at W.H.R.H.S.

"Cheers, cheers for old Watchung High."

And if, by mischance,  
you should happen to  
fall,  
There are worse things

on heather,  
And life is itself but a  
game of football.”

Fate was unkind to the Watchung Warriors as injuries plagued the team throughout the season. Nevertheless, the team rallied to capture a Thanksgiving Day victory over previously undefeated Manville and finish the season 3-5-1. Injuries pending, Coach Schneider optimistically looks to next fall and a large football turnout.

### WEST MORRIS BOWS TO WATCHUNG

Coach Radano's Booters turned in a strong 8-5-2 season that provided loyal fans with cause for excitement. Watchung proved to be the spoilers on two occasions ending the 17-game winning streak of West Morris and defeating unbeaten South Plainfield. The final upset of the season came when, with eight shutouts to his credits, popular goalie Bill Beyer suffered a broken leg that ruined his chances for all-state recognition.

Co-captains Irv Zander and Highscoring Paul Ernst led a varsity team composed of seniors that will make way for many new faces in next season's line-up.

## Cross Country

Watchung's hard working harriers battled injuries and the annual problem of a small turnout during a season that held many disappointments for the team. With a number of varsity runners out for soccer, the cross country team was forced to count heavily on the performance of inexperienced underclassmen and seniors.

Loyal Warrior fans will long remember the 1965-66 basketball season as a season of upsets. Sporting an 11 and 9 win-loss record, the varsity handed unbeaten North Plainfield its first loss and lost in a double over-time to South Plainfield. It was the season in which *The Plainfield Courier* referred to our team as a "powder-puff" one moment and a "power" the next. It was the season of the Varsity Club coat check.

The junior varsity proved somewhat more consistent than the varsity; in fact strong performances by underclassmen on both varsity and junior varsity levels make the outlook for next year a good one.

## WRESTLING 1965-66

While this year's wrestling team failed to improve upon last season's record of one and eleven, there were marked improvements. The team enjoyed the largest freshman turnout ever and should enjoy better results in the coming seasons. Nevertheless, strong individual performances brought attention to the team. Noteworthy among these was junior Kent Gardner's winning of the District XX Wrestling Championship in the heavyweight division.

JV WRESTLING ROW I: Ralph Gentile, Rich Papazian, Carl Debrito, John Baker, Ed Johnson, John Novy, Charles Papazian. ROW II: Don Helmstetter, Earl Henry, John Moore, Dave Daunton, Leonard Kaplan, Mike McDonough. Playing out at Twin Brooks Country Club, the golf team showed signs of improvement in its second year of competition, turning in a record of 3-14-1. The upset of the season came when Watchung played host to overconfident Bridgewater and played them to a 9-9 tie.

Sophomore Paul Rothschild showed fine potential in the 1965 season, firing a score of 38 in the final round of the spring for a new school record. With all but two of the lettermen returning, the 1966 season drew a record turnout for the eliminations in early April.

## VARSITY BASEBALL CONTINUES ITS WINNING WAYS

The formula for a success of Watchung's Nine is a combination of strong individual performance, depth, and the able coaching of Mr. Matullo. The team record of 10 wins and 7 losses during 1965 is consistent with past efforts and provides good reason for looking forward to the coming season with enthusiasm.

Watchung Hills Becomes Established Name in Track

Three trophies in the school showcase represent a part of Mr. Colman's legacy to Coach Yohn and Coach Miller. Nine returning record holders will provide the 1966 Track squad with a strong nucleus. As defending champions of Somerset County, this year's team will be the first to use the new home track.

Despite the loss of the State Champion, Phil Peterson, the team is looking forward to bettering last year's record of ten wins and two losses.

Rex,

Its been nice being in your class. Your ability  
to survive in this prison has amazed me and your not  
even a veteran. Best wishes for a great future. Hope  
to see you during the summer, Rex. Continue your  
great progress, but try not to show everybody up to  
badly. Hope you go to a great and enjoyable college.  
I don't see how you can miss having a great future.

Are There Diamonds IN YOUR Fingers?

If you have hands that can be trained as a top beauty salon artist hands, then you have something better than diamonds. Remember the story of the man who traveled the world over, looking for a diamond mine. Finally, old, and without any hope left, he returned home . . . only to find the largest and richest deposit ever known—in his own back yard.
